STAT

MEMORANDUM FOR: [REDACTED]
Director, Intelligence Community Staff
FROM: *DPH* Douglas P. Mulholland, Special Assistant
to the Secretary (National Security)
SUBJECT: Community Conference Facility
REFERENCE: Your memorandum, subject as above,
dated 15 February 1984

Treasury is pleased to endorse [REDACTED] as
presented in the referenced memorandum. The conference facility
seems ideally suited for Community needs.

STAT

Treasury would anticipate using [REDACTED] at
least twice a year for about two days on each occasion. During
one session we would propose bringing senior Treasury officials,
as consumers of intelligence, together with principal intelli-
gence producers whose efforts support the departmental mission.
We could also anticipate using the facility with other members
of the Community to discuss new intelligence problems or
challenges of particular concern to Treasury, e.g. illegal
financial flows.

STAT

On the issue of operating expenses, it would seem a system
of user charges would be an equitable approach.
